

Our estimate of funds needed to take two teams of 4 children each + Chef d'Equipe for the competition is approximately **US\$6000**. This cost includes, passports, tickets for return flights to Johannesburg, accommodation and transport whilst there, leotards and shoes for the competition and entry fees.

Although this benefits just a few children out of many who would like to represent their country in a sport, it will hopefully pave the way for others. Who knows, this year the Inter Africa Cup, another maybe World Equestrian Games!!

If you or your company would like to contribute towards the Fund Raising or if you would like assist in any way at all, then please contact me
